Dear Mr. Wengrow:

This is to confirm your telephone call of January 26, 1984, advising that your office will begin drilling monitoring wells to measure ground water pollution in the Watts Ave. area of our township. I would like to express the gratitude of our Township Board of Trustees and of the residents in the area for your attention and concern to this matter.

Sincerely,

Jack R. Cook, Jr., Sup.  
Rockton Township
